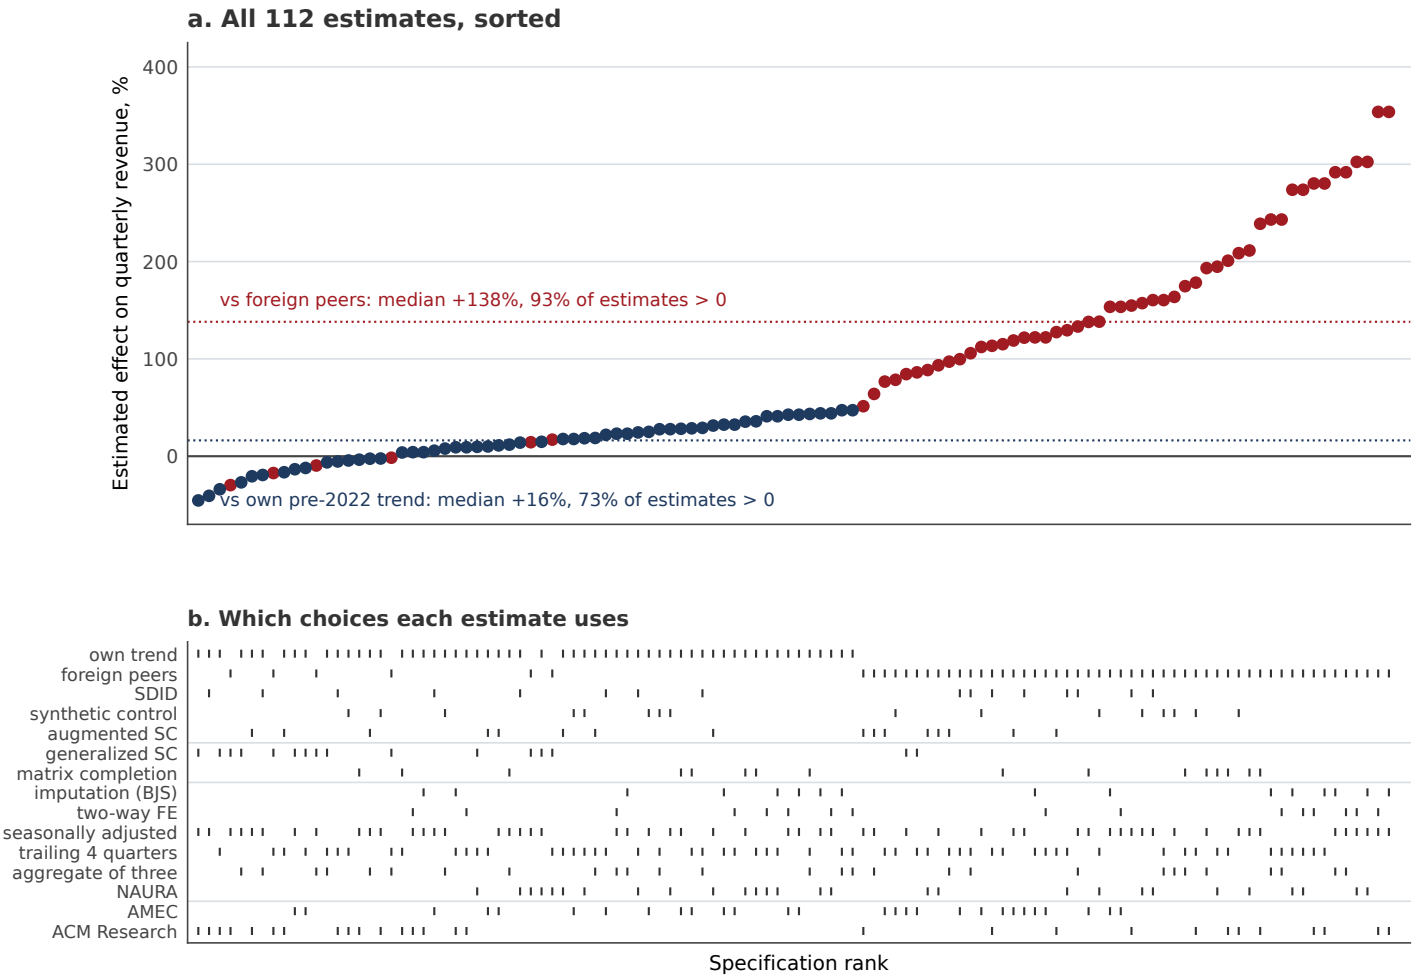
The counterfactual, not the method, decides the size of the feed

Every estimate against foreign peers is large and almost always positive; against each firm's own pre-control trend the same methods give small effects. Acceleration is not identified; insulation is.



Source: 112 specifications on the quarterly panel (NAURA, AMEC, ACM Research and their aggregate; 15 foreign donors; 2017Q1–2025Q4), varying estimator, counterfactual, seasonal adjustment and sample. Effects in percent of the counterfactual.
